LAKE WASHINGTON SCHOOL DISTRICT INTERSCHOLASTIC ATHLETIC PHILOSOPHY:

Interscholastic athletics are an integral part of the total educational program. Participation in the interscholastic athletics is voluntary, and the individual is of prime importance. The coaches of athletic activities must assume a major role in the development of the youth in their charge. They should develop leaders, foster cooperation and personally model outstanding sportsmanship for emulation by students engaged in activities. They must insist upon ethical behavior and good citizenship.

While it is expected, that coaches will strive for a "winning attitude." it is equally important that participants receive satisfaction from participating and not humiliation in losing. The primary aims for interscholastic athletics are the development of desirable traits in the individual, optimal participation and fulfillment of competitive desires.
