- A. The classification of instructors shall be based upon an official or district approved transcript from a recognized or accredited institution of higher education.
- B. All teachers new to Jamestown Public Schools will be placed on the salary schedule in accordance with their years of teaching experience. Experience shall be granted up to 10 years outside of JPS experience beginning in the 2020/2021 school year.
- C. Teachers who have earned a salary adjustment due to additional graduate credits will be granted such adjustment provided the request to the district administrator or his appointed designee for a contract change is accompanied by one of the following items certifying successful completion of previously approved college course work: (1) official or district approved transcripts, or (2) a letter from the institution acknowledging successful course completion with official grades pending. Contracts will be adjusted on or before the following dates: September 1st or January 15th. When teachers advance horizontally midyear and when they have received ½ years' salary at their current index, they will receive ½ years' salary at the new index reflecting the full horizontal change.

Courses which are to meet the requirement for horizontal advancement are to be taken at an accredited institution of higher education, must be graduate level and related to the practicing area of certification or general education. The Superintendent, or the Superintendent's designee shall review the required documents and determine the amount of credit to be available for horizontal advancement. If a course is not approved by the District Administrator's office, the teacher may appeal to a committee of three, composed of one teacher to be appointed by the Jamestown Education Association, one Board Member and one Administrator to be appointed by the District Administrator. The request to appeal shall be made in writing to the District Administrator.
- D. Staff members may be required to present evidence of a thorough medical examination at the request of the School Board and the Board will cover the cost of the medical examination.
- E. Placement on the salary schedule will be determined by credits and degrees earned as of September 1st.

II. COMPENSATION OTHER THAN SALARY SCHEDULE

- A. Staff driving a school vehicle for approved school activities will be paid at the activity worker wage for drive time pending prior administrative approval. Mileage will be paid at the approved state rate for the use of a personal car if used for approved school activities. Car allowance to teachers who are required to use their private automobiles in their assigned teaching responsibilities will be based on the following criteria:
 - 1. The travel does not include travel from home to building of the assignment and the subsequent return.
 - 2. Car allowance will be paid at State rates for actual miles traveled between sites. Travel vouchers to be submitted monthly.
 - 3. The teacher reserves the right to waive this benefit.

 - 1. Units will be cashed out at the end of the school year subject to required statutory withholding. Payment shall be made by June 30th.
- C. Employees under the provisions of this contract shall be given an activity ticket for themselves plus one guest.

III. BENEFITS

The following benefits apply to regular, full-time teachers. Regular, part-time teachers may receive prorated benefits.

A. *INSURANCE:*

The Jamestown School District will provide \$2,675,000.00 to be used for health care insurance coverage for the fiscal year 2021-2022 and \$2,675,000.00 to be used for health care insurance coverage for the fiscal year 2022-2023. These amounts are to be used to provide coverage for all eligible employees (certified and classified staff and administrators) of the Jamestown School District, and James Valley Career and Technology Center (JVCTC), who choose to participate in the district plan. Any shortfall of revenue to cover expenditures shall be covered by participating employees. The health insurance reserve fund will possess a minimum of the average 2 months of accrual per employee per month of health insurance expenditures.

A Health Care Committee comprised of nine voting members and two ex-officio non-voting members will study health care issues. The committee will be comprised of five teachers (three of which are voting members, two of which are ex-officio members), two school board members, one administrator, one support staff member and two district office administrators. Ex-officio teacher members will serve as a proxy for voting members in their absence. The chairperson of the committee must be a teacher, voting or ex-officio. The voting members of this committee will determine the insurance carrier, policy type (including benefits, deductibles, coinsurance and co-pays) and premium levels (for Single, SPD and Family) to be paid by district employees. The

health insurance reserve fund must be maintained at the two-month level. If the reserve fund falls below this level, the insurance committee's plan for the next fiscal year must replenish the fund to the four month level. All interest accrued and principal remaining at the end of the fiscal year in the insurance fund will be returned to said fund.

A group is defined as either (1) existing employees that currently do not have the opportunity to participate in the health plan or (2) staff who consists of the Jamestown School District and JVCTC. When a group is removed from the health plan or when a group is added by a number that would significantly impact expenditures or the health insurance cap, either the Jamestown Education Association or the School Board may reopen negotiations for discussion of health insurance only. The baseline number of policyholders will be the number enrolled as of November 1 the previous school year. A variance of 5 percent from the baseline number of policyholders is the threshold used to determine if negotiations can be reopened.

B. INCOME PROTECTION PLAN:

The School District will select a plan and contribute 75% per professional staff member toward the cost of an Income Protection Plan. All professional staff members under the income protection plan must use the income protection plan after 90 consecutive calendar days of illness. The plan shall be equal to or better than the current existing plan.

The Jamestown Board of Education and the Jamestown Education Association hereby agree to the following:

In addition to the Long Term Disability Plan the District will provide the Rehabilitation Plan for Your Spouse as follows:

You (the insured employee) and your spouse may ask to participate in a rehabilitation plan for your spouse while you are disabled if:

1. you are already receiving benefits from a *social security plan*; and
2. your spouse's earnings in the six calendar months prior to your disability averaged less than 60% of your monthly pay.

The District will have sole discretion to approve or deny your request. The terms of the rehabilitation plan must be mutually agreed to by you, your spouse, and the District.

The rehabilitation plan for your spouse may include, at the District's discretion, payment of your spouse's *education expense*, reasonable job placement expenses, and the family's *moving expense*, if any. It may also include *family care expense* incurred by your spouse, necessary in order for your spouse to be retrained under the rehabilitation plan.

If your request is approved, the District will pay for your spouse's education expenses as follows:

1. If your spouse does not, at the time of your disability, hold a bachelor's degree from a college or university, or a degree from a trade or vocational school, the District will pay the tuition cost to obtain one degree from a public vocational school, college or university in North Dakota.
2. If your spouse, at the time of your disability, holds a bachelor's degree, the District will pay the tuition cost to obtain one Master's degree from a public university in North Dakota.

Definitions

Education Expense means the reasonable costs your spouse incurs which are required for your spouse's education or training. These costs may include tuition, books, computers and other equipment. Only those expenses incurred by your spouse on or after the date the written rehabilitation plan is enacted will be reimbursed.

Family Care Expense means the amount you spend for care of a family member in order for your spouse to be retrained under the rehabilitation plan. To qualify:

- Your family member must be under age 13, or be physically or mentally incapable of caring for him or herself;
- your family member must be dependent upon your spouse for support and maintenance; and
- the person who cares for your family member cannot be a relative.

Not more than \$350 per family member per month will be included. A pro-rated amount will apply to any period shorter than a month.

Unused sick leave bank days will accumulate to the next school term.

Any participant of the Sick Leave Bank may withdraw from the Bank at the end of a school year by giving written notice to the Sick Leave Bank Committee. Sick days invested in the bank will not be returned upon leaving the bank. Once a participant withdraws from the Bank, the participant is no longer eligible to rejoin the Bank.

Applications must be accompanied by a medical doctor's certificate verifying the severity, nature and projected duration of the illness.
