

JOB DESCRIPTION
Keene School District

SCHOOL ADJUSTMENT COUNSELOR/SOCIAL WORKER

Purpose Statement:

The job of the School Adjustment Counselor was created for the purpose of providing a pivotal link among home, school, and community for at-risk families. The Counselor will provide both responsive and rehabilitative services for children and their families, ultimately enabling children to better access the curriculum and all aspects of school life. This professional interventionist works with the school's educational team, parents/adult caregivers, and community agencies to best orchestrate services and to take positive action steps for family and child.

This job reports to the designated School Principal.

A. Essential Functions - Preschool Level:

- Participates in student evaluations, gathering family background information and completing social/emotional assessments, as needed.
- Serves as a liaison between teachers and parents, for identified students at the Preschool and community sites, as needed.
- Serves as a consultant and resource to the preschool and community sites.
- Works with families, making home visits as needed, assisting them in connecting with needed services available in the community.
- Leads preschool social skills groups and individual student sessions, as needed.
- Consults, as part of a multi-disciplinary special education team, on social/emotional development and issues with teachers, parents, school staff, and community agencies.

B. Essential Functions - Elementary Level:

- Communicates with the school principal, counselor and psychologist for the purpose of receiving referrals for at-risk families and students.
- Conducts home visits for the purpose of building rapport, further assessing needs, and advocating for adult family members to create a stable living situation and positive educational environment for the child.
- Provides individual, small group and family counseling as appropriate to optimize student functioning.
- Provides crisis intervention to optimize student functioning.
- Develops strategies and coordinates with school staff to use these strategies within the counseling/instructional activities in the classroom to enhance student learning.
- Promotes regular school attendance for the child's best interest and to prevent/assist with chronic absenteeism.
- Develops relationships with area agencies and keeps abreast of current community services to best inform families of resources.
- Actively works with parents/caregivers to appropriately access such resources.
- Attends community-based meetings and school-based meetings to best advocate for

families and children.

- Promotes family involvement in the schools in concert with other school personnel for the purpose of strengthening communication and possibly assisting in the interpretation of school policies and procedures.
- Promotes positive parenting education on such topics as discipline and behavior, responsible Internet use, supporting children with disabilities, etc.
- Coordinates with the school counselor and families regarding CHINS referrals and necessary follow-through.
- Develops relationships with the preschool community for the purpose of appropriate referrals and to facilitate kindergarten readiness.
- Provides referrals for homeless or potentially homeless families to promote family stability.
- Documents work with families to provide data, inclusive of time-on-task data, regarding position effectiveness.
- Actively works as a pivotal link among home, school, and community.

C. Essential Functions – Middle School Level:

- Promotes student success by providing counseling and support services to students in grades 6-8 by developing and providing interventions, programs and services that support students' social and emotional well-being.
- Provides individual and group counseling for the purpose of meeting individual student needs.
- Meets with identified students, their case managers and classroom teachers for the purpose of providing IEP mandated individual and group counseling services and IEP development (present level of performance and goal writing).
- Consults with school counselors, administrators, teachers and parents for the purpose of responding to specific student referrals and concerns.
- Provides direct support for teachers regarding student behavior, classroom management and group dynamic issues for the purpose of assisting in the fostering of a successful learning community that meets the needs of all students.
- Works directly with students to stabilize behaviors in order for them to return to their class.
- Conducts and/or participates in functional and behavioral assessments.
- Acts as a referral source and liaison between Keene Middle School and community mental health, substance abuse, juvenile justice and social service agencies and professionals for the purpose of ensuring the coordination and case management of services.
- Participates in one or more of the following school and community committees, organizations and/or programs for the purpose of developing and delivering an effective student support network:

- Keene Middle School Crisis Team
- Child Study Team
- IEP team member for identified students
- Monadnock Alcohol and Drug Abuse Coalition

D. Essential Functions – High School Level:

- Promotes student success by providing counseling and support services to students in grades 9-12 by developing and providing interventions, programs and services that support students' social and emotional well-being.
- Provides individual and group counseling for the purpose of meeting individual student needs.
- Meets with identified special education students, their case managers and classroom teachers for the purpose of providing IEP mandated individual and group counseling services.
- Consults with school counselors, administrators, teachers and parents for the purpose of responding to specific student referrals and concerns.
- Consults with teachers regarding student behavior, classroom management and group dynamic issues for the purpose of assisting in the fostering of a successful learning community that meets the needs of all students.
- Acts as a referral source and liaison between Keene High School and community mental health, substance abuse, juvenile justice and social service agencies and professionals for the purpose of ensuring the coordination and case management of services.
- Participates in one or more of the following school and community committees, organizations and/or programs for the purpose of developing and delivering an effective student support network.

- Keene High School Crisis team
- Core Referral team- Chair
- Behavioral Health Response team
- Student Assistance Team- Chair
- Juvenile Conference Committee
- Monadnock Alcohol and Drug Abuse Coalition
