School Psychologist

The Somers Board of Education is seeking a dedicated and highly qualified School Psychologist to join our team at Somers High School. The successful candidate will be responsible for conducting psychological assessments, providing individual and group counseling, and collaborating with teachers, parents, and administrators to develop effective strategies that support student learning and behavior.

KEY RESPONSIBILITIES

- Assists building and district staff in creating and delivering appropriate student support
- Compiles information from a variety of sources for the purpose of producing comprehensive screening/evaluation reports in compliance with established guidelines
- Possesses a strong understanding of MTSS to analyze data, implement interventions, and guide the referral process
- IEP/504/Intervention counseling to support mental health, social skills, executive functioning, and self-regulation
- Produce comprehensive assessment as per PPT recommendations
- Crisis intervention including risk assessments, threat assessments, and behavior intervention
- Receives administrative and technical supervision from the Director of Pupil services and general supervision from the building principal

QUALIFICATIONS

- Connecticut Certification as School Psychologist (070)
- Public School experience with students displaying social/emotional/behavioral needs
- Experience in behavior management
- Collaborative working style

"We are looking for talented and dedicated educators."
Dr. Sam Galloway
Superintendent of Schools

"Somers offers a balanced working environment for school psychologists, including a great blend of counseling, assessment, and consultation with staff. Being a small district, administration is visible, supportive, and offers guidance when needed."
Mrs. Mary Kate Tanguay
School Psychologist, Somers Elementary School
